

Notice under National Electricity Law

The Australian Energy Market Commission (AEMC) gives notice under the National Electricity Law (NEL) of the following matters.

Under section 107, the period of time for preparing the final determination for the draft *National Electricity Amendment (Central Dispatch and Integration of Wind and Other Intermittent Generation) Rule 2008* has been extended to **17 April 2008**.

Under sections 102 and 103, the making of the *National Electricity Amendment (Integration of NEM Metrology Requirements) Rule 2008 No.1* and corresponding final determination. All provisions commence on **6 March 2008**.

Under section 95, the National Generators Forum has requested the making of the proposed *National Electricity Amendment (Performance Standard Compliance of Generators) Rule 2008*. The proposal primarily seeks to address conclusions about performance standards and compliance programs of generators reached in the AEMC's 2006 review of enforcement and compliance with technical standards. Submissions must be received by **4 April 2008**.

Further details on the above matters are available on the AEMC's website www.aemc.gov.au. All documents in relation to the above matters are published on the AEMC's website and are available for inspection at the offices of the AEMC.
